Fall Mix

(courtesy of Mike Morrison)

Fall Mix:

2 lbs of MegaBee
3.2 lbs of sugar
2 ½ tsp of vegetable oil (NOT canola!)
5 tsp of borage oil (high in 24-methylene cholesterol, helps them change stages; egg-larva-pupa-bee)
2 ½ tsp Complete vitamin mix (optional)
2 tsp of Honey B Healthy (optional)
1 ½ - 2 cups of HOT water

Yields about 6 lbs of product.

Start with the MegaBee and half the sugar in mixer. Add the oil, HBH, Complete, and 1 ¼ cups of HOT water, should be sloppy. Keep adding the sugar but don't let it get too thick. Add more water if needed with rest of sugar but don't let it get too sloppy or too dry.

Spring Mix

(courtesy of Mike Morrison)

Spring Mix:

2 lbs MegaBee
4.4 lbs sugar
3 tsp of vegetable oil (NOT canola!)
6 ½ tsp of borage oil (high in 24-methylene cholesterol, helps them change stages; egg-larva-pupa-bee)
2 ½ tsp Complete vitamin mix (optional)
2 ½ tsp of Honey B Healthy (optional)
1 ½ - 2 cups of HOT water

Yields about 7 lbs of product.

Start with the MegaBee and half the sugar in mixer. Add the oil, HBH, Complete, and 1 ¼ cups of HOT water, should be sloppy. Keep adding the sugar but don't let it get too thick. Add more water if needed with the rest of sugar but don't let it get too sloppy or too dry.
